

2020 Clerkship Numbers & Kinds

FAMILY PRACTICE	KIND	NO.	LEVEL
	Anxiety/depression	2	Perform
	ADD/ADHD	1	Perform
	Back pain/joint pain	2	Perform
	Congestive heart failure	1	Perform
	COPD, including asthma	3	Perform
	Cold symptoms/viral syndrome	1	Perform
	Diabetes mellitus	5	Perform
	Dyslipidemia	5	Perform
	GERD/PUD	1	Perform
	Headache	2	Perform
	Hypertension	5	Perform
	Menopause	1	Perform
	Obesity	5	Perform
	Smoking cessation	1	Perform
	Sexually transmitted infection	1	Perform
	Peak flow measurement	1	Perform
	Diabetic foot exam with monofilament	1	Perform
	Ultrasound: pulmonary A lines	1	Perform
	Ultrasound: normal IVC and abdominal aorta	1	Perform
	Ultrasound: popliteal vein with compression	1	Perform
SURGERY	Joint injection, simulated	1	Perform
	Punch biopsy, simulated	1	Perform
	Fluorescein eye stain/foreign body removal, video simulation	1	Perform
	Telehealth encounter	1	Perform
	Abdominal	10	Participate
	Breast disease	5	Participate
	Oncology	5	Participate
	Vascular	5	Participate
	Trauma/acute care	10	Participate
	General/miscellaneous	20	Participate
	Endoscopy	5	Observe
	Local injection	1	Perform
	Foley catheter placement	1	Observe
	Nasogastric tube placement	1	Perform
	Suture removal	1	Perform
	Wound closure	1	Perform

LEVELS DEFINED

Perform: Student is personally, actively involved in the procedure or direct care of the patient through history and physical examination, documentation of clinical notes and may include presentation to faculty/residents in either the inpatient or outpatient setting.

Participate: Student is actively involved as a member of the patient care team

Observe: Student is present but not personally, actively involved in the procedure or patient care activity.

INTERNAL MEDICINE	KIND	NO.	LEVEL
	Anemia	2	Perform
	Chest pain, acute	3	Perform
	Congestive heart failure, acute	3	Perform
	COPD, including asthma	2	Perform
	Diabetes, acute	3	Perform
	Fluid, electrolyte, & acid-base disorders	2	Perform
	Hemostasis, disorders of	2	Perform
	Mental status, altered	3	Perform
	Renal failure, acute or chronic	3	Perform
	Shortness of breath	3	Perform
	Liver disease	2	Perform
	Chest x-ray, interpret	2	Perform
	Pulse oximetry	2	Perform
	Informed consent	2	Participate
	History and physical (H&P), written	8	Perform
	SOAP note, written	4	Perform
	H&P under direct supervision of attending	3	Perform
	H&P under direct supervision of resident	3	Perform
	Venipuncture	2	Perform
	Venipuncture, simulated	1	Perform
	Peripheral IV catheter placement	2	Perform
	Peripheral IV catheter placement, simulated	1	Perform
	Joint aspiration/injection	1	Observe
	Lumbar puncture	1	Observe
	Arterial blood gas	1	Observe
PEDIATRICS	KIND	NO.	LEVEL
	Infant (health supervision visit/WCC)	1**	Perform
	Toddler (health supervision visit)	1**	Perform
	School age child (health supervision visit)	1**	Perform
	Adolescent (health supervision visit)	1**	Perform
	Development issues	1**	Perform
	Growth issues	1**	Perform
	Respiratory distress	1**	Perform
	Nutritional concerns	1**	Perform
	Behavior issues	1**	Perform
	Newborn jaundice	1**	Perform
	Chronic disease	1**	Perform
	Fever	1**	Perform
	Cough/wheeze	1**	Perform
	Nausea, vomiting, diarrhea, abdominal pain	1**	Perform
	Rash	1**	Perform
	Otalgia	1**	Perform
	Sore throat	1**	Perform
	CNS, headache, irritability, seizures	1**	Perform
	Injection, subcutaneous	1**	Perform
	Injection, intramuscular	1**	Perform
	Lumbar puncture, simulation	1**	Perform
**Students must see at least one (1) with totals of 50 outpatient, 9 inpatient, 4 ICU, and 5 NBN.			

OB/GYN	KIND	NO.	LEVEL
	History and physical exam	3	Perform
	Pelvic exam (Spec. biman & rectal)	3	Perform
	Pap test	3	Perform
	Cervical culture (wet prep)	3	Perform
	Fundal height & fetal doppler for heart rate	3	Perform
	Normal vaginal delivery	3	Participate
	Normal vaginal delivery	1	Perform
	Triage/evaluation of OB assessment	3	Participate
	Breast exam	2	Perform
	Cesarean section (2nd Assist)	3	Participate
	Hysterectomy (2nd Assist)	1	Participate
	Gyn surgery-other (2nd Assist)	1	Participate
	Cervical or vulvar biopsies	1	Observe
	Amniotomy	1	Observe
	Placement of fetal scalp electrode	1	Observe
	Vaginal/vulvar laceration repair (episiotomy)	1	Observe
	Operative vaginal delivery, video simulation	1	Observe
	Placement of intrauterine pressure catheter	1	Observe
	Tubal ligation	1	Observe
	Dilation and curettage	1	Observe
	Gynecologic cancer surgery	1	Observe
	Ultrasound: abdominal, OB	3	Observe
	Ultrasound: pelvic, transvaginal	1	Observe
	Laparoscopy	1	Observe
	Foley catheter insertion	2	Perfom
	Knot tying/suturing	2	Perform

PSYCHIATRY	KIND	NO.	LEVEL
	Mood disorders	1	Participate
	Mood disorders	1	Perform
	Substance use disorders	1	Participate
	Substance use disorders	1	Perform
	Psychotic disorders	1	Participate
	Psychotic disorders	1	Perform
	Anxiety disorders	1	Participate
	Anxiety disorders	1	Perform
	Cognitive disorders	1	Participate
	Cognitive disorders	1	Perform

LEVELS DEFINED

- Perform:** Student is personally, actively involved in the procedure or direct care of the patient through history and physical examination, documentation of clinical notes and may include presentation to faculty/residents in either the inpatient or outpatient setting.
- Participate:** Student is actively involved as a member of the patient care team
- Observe:** Student is present but not personally, actively involved in the procedure or patient care activity.
