

Road Safety Campaign Area Safety Reps Checklist

Alcohol & Drugs while Driving

21 January 2019

During w/c 21 January 2019 you will be asked to focus your Safety Inspections on the Road Safety Campaign on Alcohol & Drugs while Driving.

This Road Safety Campaign we're raising awareness of the serious impairing effects of alcohol and drugs on drivers, covering the morning after affects, amounts of alcohol guidance and effects of drugs (including over the counter non-prescription medications).

Alcohol and drugs seriously impair the ability to drive and the effects can continue into the morning after and this could lead to early morning drivers being especially at risk of collisions and injuries to themselves, colleagues or members of the public.

By carrying out the following activities during w/c 21 January 2019, you can help to raise the profile of Road Safety and keep our drivers safe. Carry out a Safety Inspection and speak to drivers.

ASR's are to be fully involved and consulted on joint RSW activities.

Agree with your Operational Managers, which units you will jointly support during this Road Safety Campaign, and:

- Assist the Front Line Manager in delivering the WTLL
- Carry out a Safety Inspection

Drivers:

- Check that drivers have received the WTLL briefing on Alcohol & Drugs while Driving?
- Have they seen the poster and animation linked to this campaign?
- Are they aware of the morning after effects of alcohol and drugs?
- Have they checked that any over the counter medicines can be taken when driving?

Use the Road Safety Campaign materials to talk to drivers about Alcohol and Drugs use while driving

Ask Front Line Managers:

- What activities have they completed for the Alcohol & Drugs while Driving campaign?
- Have they made all drivers aware of the actions they need to take?
- Have they delivered the WTLL, shown the animation and displayed the poster?
