

## Shomrei Adamah Program Kick-off: Sustainability in the Covid Era

The Shomrei Adamah committee will kick off its program year with a focus on sustainability in the Covid era. Shomrei Adamah (“Guardians of the Earth”) is dedicated to improving Temple Shalom’s sustainability efforts and increasing awareness of our shared and individual responsibility to honor and protect God’s creation.

As we adjust to “the new normal,” many of our habits and needs are changing, which changes how we impact the environment and our community. This year’s program will help

bring awareness to relevant topics including:

- Cleaning and safe use of chemicals
- Gardening and composting
- Food scarcity and food waste
- Shopping and packaging
- Sharing, re-using, and freecycling
- Support for local and minority-owned businesses

And more...

If you have a suggestion or are interested in supporting these efforts, please contact the Shomrei Adamah committee at [earth@templeshalomdallas.org](mailto:earth@templeshalomdallas.org).
