MCPS Form SR-8 June 2019

PRE-PARTICIPATION PHYSICAL EVALUATION FOR ATHLETICS

To Parents or Guardians:

Students enrolled in grades 9-12 must have an annual pre-participation physical evaluation in order to participate in Montgomery County Public Schools (MCPS) interscholastic athletics and school conditioning programs. Students enrolled in grades 7-8 must have a medical evaluation every two years to participate in the MCPS middle school interscholastic athletics program.

The medical evaluation shall be performed by an authorized health care provider.

The pre-participation physical evaluation consists of four parts: History Form (pages 1 and 2), Physical Examination Form (page 3), Athletes with Disabilities Form: Supplement to the Athlete History (page 4), and the Medical Eligibility Form (page 5).

The student must turn in only the last page (MEDICAL ELIGIBILITY FORM—page 5) to the school or coach prior to participation. The authorized health care provider should retain the first four pages.

If a student-athlete experiences a significant injury, illness, or surgery after submitting the annual pre-participation physical evaluation, a clearance letter from an authorized health care provider is required to resume participation.

The health information submitted to the school will be available only to those health and education personnel who have a legitimate educational interest in your child.

Exemptions from physical examinations are permitted if they are contrary to a student's religious beliefs. In such circumstances, the family should submit verification.

If the student-athlete requires medication and or a treatment to be administered in school or during practices or athletic events, you must have the authorized health care provider complete a medication and or treatment administration form for each medication and or treatment to be administered. These forms can be obtained from your child's school or online from the Montgomery County Public Schools (MCPS) website at www.montgomeryschoolsmd. org: MCPS Form 525-12, Authorization to Provide Medically Prescribed Treatment, Release and Indemnification Agreement, MCPS Form 525-13, Authorization to Administer Prescribed Medication, Release and Indemnification Agreement, MCPS Form 525-14, Emergency Care for the Management of a Student with a Diagnosis of Anaphylaxis, Release and Indemnification Agreement for Epinephrine Auto Injector. If you do not have access to an authorized health care provider or if your child requires a special individualized health procedure, please contact the principal and/ or school nurse in your child's school.
