MEMORANDUM

To: Athletics Specialists

From:  Jeffrey K. Sullivan, Director, Systemwide Athletics

Subject: Golf Practice Schedule on Revenue Authority Courses for Fall 2021

The Montgomery County Revenue Authority has generously agreed to allow Montgomery County Public Schools (MCPS) to continue to conduct practices and matches at Revenue Authority golf courses for the fall 2021 season. The following nine golf courses are under the jurisdiction of the Revenue Authority: Falls Road, Hampshire Greens, Laytonsville, Little Bennett, Needwood, Northwest Park, Poolesville, Rattlewood, and Sligo.

Attached is the practice and match schedule for the fall 2021 season. On average, the schedule includes a combination of two-to-three practices/matches per week for each school.

Please note that there are two separate schedules. The first is titled *MCPS 2021 Golf Tryout Schedule at Revenue Authority Courses*. This schedule describes the first week of the season, when schools receive four practice dates and a greater number of tee times to accommodate tryouts. The second schedule, titled *MCPS Practice/Match Schedule for Fall 2021*, describes weeks 1–9 of the competition season, which follows the first week of tryouts.

The majority of practices are at the school's preferred courses. The following standards and protocol are to be followed for schools using Revenue Authority golf courses for all or a portion of their practices.

1. Teams may not deviate from the attached practice schedule.
2. Schools must call the course and confirm their tryout and practice schedule by July 30, 2021.
3. If a school does not need a designated tee time, or cancels practice due to inclement, it must notify the golf course as soon as possible.
4. A team practice is defined as eight golfers, four golfers per tee-time, two tee-times.
5. Nine minutes separate tee-times (except at Falls Road and Laytonsville where tee-times are separated by eight minutes). It is important for teams to be prepared to tee off at the precise times they are scheduled, and for players to be diligent in moving from one hole to the next in a timely manner.

6. On the *MCPS Practice/Match Schedule for Fall 2021* the schools that are listed in columns 6–11 are scheduled to practice at the designated golf course at the designated tee times.
7. Teams may not bring more than eight players for practice unless they receive permission from their athletics specialist and unless they request permission from the golf pro in advance. If a school arranges for tee-times for more than eight players, the golf course will assess the school a \$10 fee for each additional student beyond eight.
8. The additional tee-times must be scheduled before or after the time allotted to MCPS schools for that day, based on the availability of the golf course. On the attached document, *MCPS 2021 Golf Tryout Schedule at Revenue Authority Courses*, column 4 indicates the total time allotted to MCPS for that day.
9. Players are to be carefully counseled and supervised regarding golf etiquette, courtesy, and responsible behavior. MCPS students and coaches are guests at the course, and have the responsibility to demonstrate appropriate respect for the facility and golf course employees.
10. Schools may use the driving range at Revenue Authority courses, but only within the time allotted to MCPS for that day. In this regard, schools may arrive at a course at the time allotted to MCPS for that day (not before), use the driving range, and then proceed to their two designated tee-times. A team may not use the driving range after the time designated to MCPS schools. The “inside nine” at Northwest Park, and the “executive nine” at Needwood, are available for MCPS teams from 3:00 p.m. to 4:00 p.m. on weekdays, based on availability. Schools must call the golf pro for use on a particular day – do not simply “show-up”. The fee for these courses is \$10 per golfer.

I appreciate the cooperation of coaches in following these guidelines.
