

How to Enroll in the PAMF Participant Training Course

March 2021

To sign up for the PAMF Participant Training go to <https://pamf.moodlecloud.com>. You'll be brought to the training homepage you see below, click "Create new account".

The screenshot shows the PAMF login and registration interface. At the top, the PAMF logo and name are displayed. Below the logo, there are two input fields: "Username" and "Password". To the right of the "Username" field is a link for "Forgotten your username or password?". Below the "Password" field is a message: "Cookies must be enabled in your browser" with a small icon. There is a checkbox labeled "Remember username" which is checked. A blue "Log in" button is positioned below the input fields. Below the login section, there is a heading "Is this your first time here?" followed by the text "For full access to this site, you first need to create an account." and a grey button labeled "Create new account".

After clicking "Create new account" you will be taken to Moodle's privacy notice page. Read through the privacy notice, then click "Next" on the bottom left-hand corner. Do the same thing for the Cookie Policy page. You will then be taken to a Consent page, if you agree to the terms click "I agree" to both the Moodlecloud policies and then click "Next". You will be brought to a page where you can create a username and password. Once everything is filled in, click "Create my new account".

[Courses](#)

Click the “Courses” button to proceed. You will then be taken to your new Moodle Course Overview page (like the one seen below). At this point, you will have no courses in your Course overview section. To add the training course, click the PAMF Moodle Site tab (circled in red).

From there you will be directed to a page that lists your available courses. Click “PAMF Participant Training”. On the new page (see below), you will click “Enroll me”. This will bring you to the PAMF Participant Training page where you can start your training!
