

# Pair your Canvas Course using LTI Advantage in the New Connect Experience

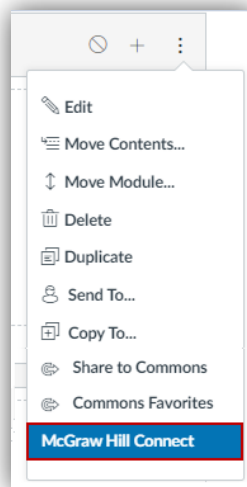

Before you begin, please have your existing Connect® section ready. If you need assistance getting your Connect® section prepared, refer to [these Instructor resources](#) on Support at Every Step.

## Pair with Existing Connect Account and Existing Section

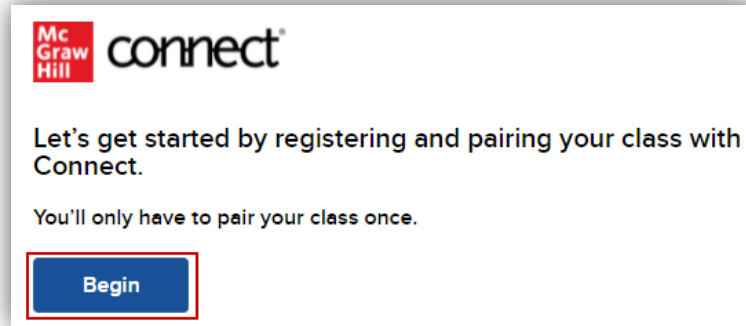

1. Login to Canvas
2. Go into **Modules** in the left navigation and click on the kebab in any module.

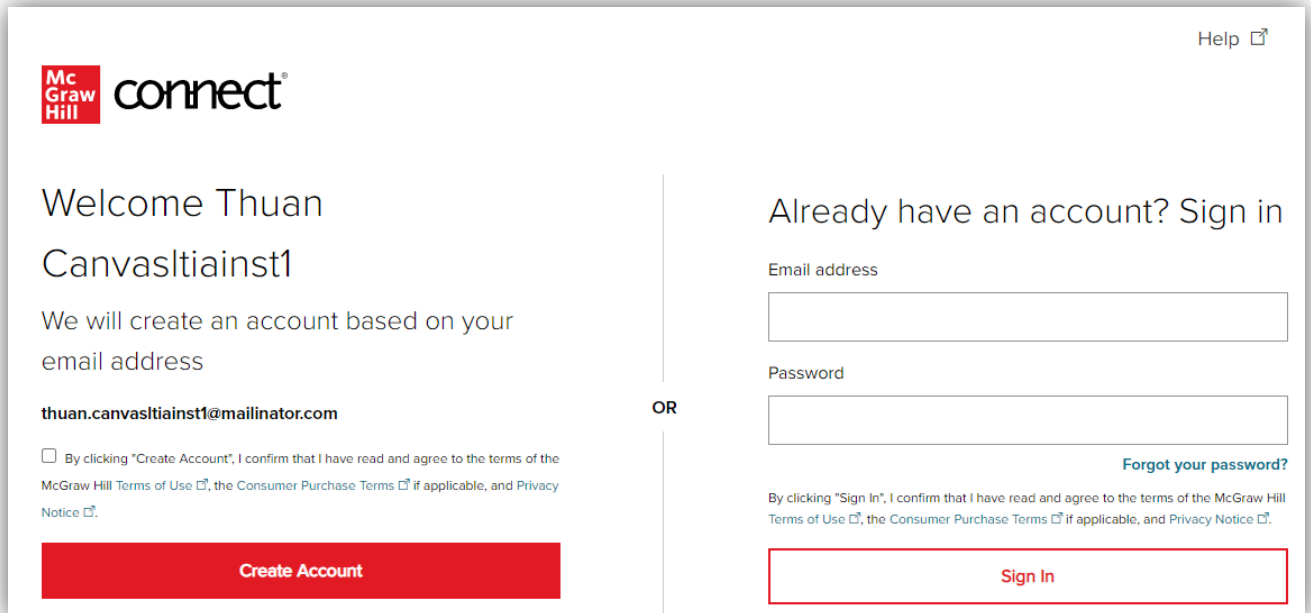

3. Select **McGraw Hill Connect**. Note: The name of the Connect integration tool might be different in your LMS.

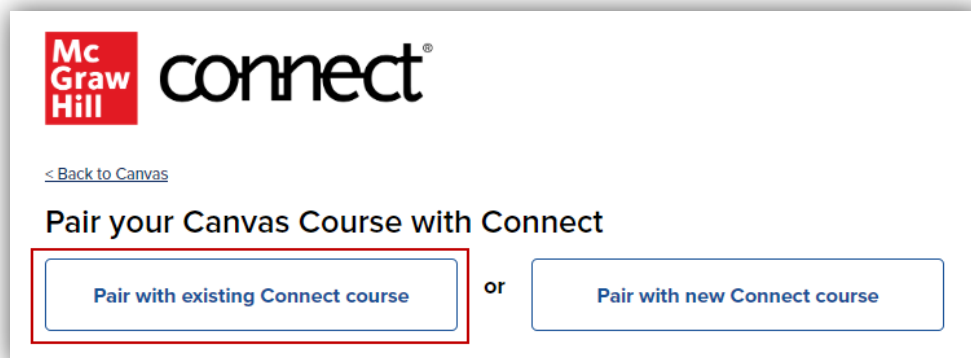

4. Click **Begin**.

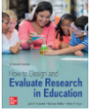

5. Log into your Connect account. NOTE: This will not appear if you are still signed in from a prior term.

6. Click **Pair with existing Connect course**.

7. Locate the Connect section you want to pair with and click **Select**.

If you have additional Connect assignment links to deploy, continue to the section below. If not, your process is complete, and you can head Back to Canvas.

## Deploy Additional Connect Assignments

NOTE: The following steps require the New Connect Experience to be enabled. If you have not yet enabled the New Experience, you will need to toggle it on in your Connect section.

1. Click on **Go to Section Home**.
2. Go to the **Assignments** tab or click **All assignments**.

The screenshot shows the 'Assignments' tab selected in the top navigation bar. Below the navigation bar, there is a 'Dashboard' section with a 'Section performance' card that says 'No reports have been generated.' Below that is an 'Assignment overview' section, sorted by 'most recently created'. A red box highlights the 'All assignments' link in the top right of this section. The table below lists two assignments:

Start - Due	Points	Student progress
10/27/22 - None	100	0 0 0
Manually graded		
10/27/22 - 11/30/22	50	0 0 0

3. Select the assignments you want to deploy.

5. You can set the grade type in bulk or individually. Click the **Deploy** button when done.

### Deploy and Manage

Deploy assignments to Moodle where students can access them directly.  
You can return to this page to manage assignments that were previously deployed.

6. The assignments that were deployed should show up under the module that you started from and Assignments area in Canvas. Click on the dots to the left of the assignment to rearrange the order as needed and then **Publish** the assignment. A gradebook column is automatically created for each assignment in the course.

The screenshot displays the Canvas LMS interface for a course. At the top, a grey header bar shows a dropdown arrow and the text "Module 1: What is Psychology?". Below this, two assignment rows are visible. The first row is for "SmartBook Chapter 1", dated "Nov 30" and worth "50 pts". The second row is for "What is Psychology? Pre-Test", worth "100 pts". On the left side of each row, there are three vertical dots and a document icon, which are highlighted by a red box. On the right side, there are three columns: a green checkmark, a plus sign, and three vertical dots. The checkmarks and plus sign in the rightmost column are also highlighted by a red box.
