General Information and Instructions

Students selected for the Montgomery Scholars program for the fall 2024 semester will be offered two-year (four academic semesters), full-tuition (30 credit hours per year at the in-county rate*) merit scholarships. Pending funding, and depending on the College's operation status, these merit scholarships will also include the majority of expenses associated with attending a summer study travel experience in the United States (summer 2025).

Scholars Summer Study Travel Experience

Participation in a summer study travel experience is an integral part of the Montgomery Scholars program. The study travel program is designed as an extension of the first-year Montgomery Scholars curriculum and a bridge to the second-year curriculum. As such, it emphasizes scholarship, independence, interdisciplinary links, cultural awareness, and a travel and dorm experience. The Scholars Summer Study Travel Experience is pending funding and dependent on the College's operation status.

Application Questions

To complete the application you will be asked to complete some short answer questions, answer an essay question, and submit a personal creative work. Your responses provide an opportunity for you to demonstrate the clarity, originality, and organization of your thinking and writing. The suggested word counts are guidelines and not strict requirements.

The most important thing is to provide specific details and enough depth for us to get a clear understanding of who you are, what you think, what you do, and what you'd like to be.

Essay Question (300 to 500 words)

Colleges and universities generally require students to take courses outside of their intended field of study. To what extent do you agree or disagree with this? Should students only take courses that fall within their intended field of study? Explain your position.

Personal Creative Work

The last question on the application asks that you upload a one-page document, an image, or an audio/video file (up to two minutes), in which you put together anything you'd like that you think would give us further insight into who you are, what you do, what you'd like to be. It can be anything that is uniquely yours, from a poem you've written, to a drawing you made, to a photograph you took, to a recipe you created, to a video you took, to a song you recorded, to a screen capture of a project you created.
