# CYCLING FOR AUTISM

Saturday, May 4, 2019 Courtney Campbell Causeway Trail

## Why Autism?

Nine years ago, Tampa Interbay Rotary club made the decision to support autism services. Autism Spectrum Disorder is currently being diagnosed at the rate of 1/59 children. The monies raised will be donated to two programs that help people touched by autism spectrum disorder today, when families need it most. The Applied Behavior Analysis Program and the Center for Autism and Related Disabilities at the University of South Florida will be the recipients of the donations to continue their work in delivering education, services, and support to individuals and their families.
