

# The NEW Responsible Conduct of Research Workshops

NIH requires all trainees, fellows, participants, and scholars who receive support on any training, career development award (individual or institutional), research education grant and dissertation research grant to receive RCR training.

All NSF funded undergraduate and graduate students and post-doctoral researchers are required to receive RCR training.

Credit will be awarded for each workshop. Credit earned will count toward the RCR training requirement for both NIH and NSF funded researchers. For more information regarding these requirements click [here](#).

## Workshops

- ◆ February 14, 2019 – 3:30 p.m. to 4:30 p.m.  
UTA 1133 (Econ Dev)
