**RESOURCE UPDATE:** C. D. Motes, Jr. Incentive Awards Program (IAP) with the University of Maryland College Park and MCPS UMD Accepted Students. If you are applying to UMD College Park and demonstrate qualities like leadership, being service oriented, committed to striving to be best and perseverance, you may want to learn more about IAP.

**UPDATE 1/31/2024:** *Due to the late changes to the FAFSA, the UMD priority deadline has been extended until March 1. This later deadline directly impacts us as we rely on FAFSA information (for fall admitted students only) to know who to invite to apply to IAP. We are concerned that many students will wait to submit the FAFSA and create an even narrower window in which to review applications and interview students. We are already working with a compressed timeline!*

To get a jump start on the process, we invite your students to apply to the Incentive Awards Program **now!** Candidates who have already submitted the FAFSA should know whether or not they are Pell eligible. These students should definitely be directed to the application. It is "live" and can be accessed [here](#) using the password Cohort24, which is case sensitive.

In order for students to move through the application, they must first enter the name and contact information of their recommender. For this year only, we will allow recommenders to use the same letter they submitted to UMD for admission. Please know that we would prefer a letter tailored to IAP as they are a key part of the application.

We will still formally invite students to apply as FAFSA information is shared with the Office of Student Financial Aid. There will be rolling due dates according to when they are invited. Interviews will take place in mid-late March and may overlap with your district's spring break. Award notifications will be made on April 1. Learn more on the [IAP website](#). TMCF offers four types of unique scholarships that are merit, plus need-based designed to address the financial needs of students attending TMCF member-schools. The awards process is highly competitive and the awards are given to outstanding and qualified students who plan to earn a baccalaureate, graduate or law degree from an accredited college or university. Occasionally, we may offer scholarships to students not attending one of our member-schools. Since its inception, hundreds of companies and foundations have funded a TMCF scholarship. Our scholarship partners allow TMCF to award scholarships that are designed to complement the financial aid students receive from other sources for tuition and other education expenses, such as books and housing. As a result of our efforts, an increasing number of students are able to attend and complete college at an affordable cost.
